## STATEMENT OF OBJECTS AND REASONS

In order to strengthen traffic law enforcement, improve compliance, and enhance overall road safety, it has become necessary to revise the fines and penalties under the existing motor vehicle laws to create a more effective deterrence against traffic violations. Additionally, with the introduction of technological systems such as the Digital Driving License Information System and the Digital Traffic Violation Ticketing System, enabling real-time processing of licenses and enforcement of traffic rules, it is essential to update and align the legal framework accordingly. Therefore, it is essential to make amendments in the Provincial Motor Vehicles Ordinance, 1965. Hence, this Ordinance.
